BUCS DISABILITY

QUALIFYING ROUND

Any ten-element exercises as permitted in any category in the British Gymnastics Disability Technical Requirements 2022.

A first and second exercise should be performed in accordance with the requirements of the applicable level.

Difficulty will be awarded in the second exercise.

Time of Flight will **not** be included.

FINAL ROUND

Any exercise per the above criteria may be performed in the final round.

Difficulty will be awarded. Time of Flight will **not** be included.

INDIVIDUAL TRAMPOLINE FINAL ROUND

The top 8 competitors in all individual categories will compete one exercise in the final round. All scores will start from zero. However, if there are 8 or fewer competitors in the qualifying round, 'accumulative' scoring will take place for that category.

The final round exercise should be compliant with the second exercise requirements for each level. FIG competitors may perform any exercise compliant with the final round requirements.

SYNCHRONISED TRAMPOLINE

SYNCHRONISED LEVEL 1	SYNCHRONISED LEVEL 2	SYNCHRONISED LEVEL 3
BUCS FIG Level BUCS Performance Level	BUCS Levels 1 - 3	BUCS Levels 4 - 6 BUCS Disability

A first and second exercise will be performed at the category of the lowest level competitor in the pair. There will be a **qualifying round** only.

The exercises/requirements for each of the first and second exercises are those in the individual event. **Difficulty will be included for the second exercise only.** Pairs may comprise mixed genders and levels, but both individuals must be within the category ranges specified above (and each individual in compliance with the entry matrix). Failure to adhere to these requirements will result in disqualification.

Pairs of BUCS FIG Level competitors may perform two of the same, or two different exercises, provided that the minimum difficulty is met in each exercise. Difficulty will be included in the second exercise only.

TEAM TRAMPOLINE

The three highest total scores from the qualification round (first exercise plus second exercise) by competitors from the same institution, across all levels, will be added together for overall Men's and Women's team scores. One team per institution per gender will be counted. FIG competitors will have **both** qualifying round exercise attempts counted for the purpose of the team event, with the lowest difficulty of the two attempts discounted.
