Badminton Specific Performance Selection Objectives and Criteria

Performance Objective

The performance objective for this competition is to select players that provide Great Britain the greatest opportunity to reach the last 16 / quarter-final stages in the Individual and Team Event, with the overall aim of being competitive at this Event.

For individuals to be considered for selection against the above Performance Objective, they should provide evidence of meeting the following criteria within the last 12 months, to demonstrate they can support the achievement of the Policy Objective:

- In good standing with their relevant Home Nation

The Panel will consider the following within the last 12 months from selection date when making decisions regarding selection of athletes who have put themselves forward for nomination:

- International results at BWF sanctioned competition
- BWF World Ranking
- Performance at BUCS Individual Championships (or international equivalent)
- Significant results / performances at BWF sanctioned competition (in the expert opinion of the Panel)

ADDITIONAL CONSIDERATIONS DURING SELECTION

Where necessary, the Panel's decision making may be guided by all or any of the following in any order and with any weighting that they see fit utilising their knowledge and discretion to select players relating to achieving the Policy Objective. The below will be based within the last 12 months from selection date:

- Quality of Event and opposition the athlete has competed in/against
- Head to heads between players / pairs
- An athlete's most recent results (last 6 months), consistency and current stage of development (age relevant to level)
- Unforeseen circumstances within an athlete's draw i.e., byes, walk-overs and withdrawals
- Extenuating circumstances e.g., significant/long term injury and/or illness which has impacted on a player's ability to compete during the period which they have been required to have met criteria. Where this is the case, the athlete's prior performance level may be considered

If athletes have been on injury / illness status during the most recent season, this may be considered by the Selection Panel.

If more athletes are proposed than quota places are available, the Selection Panel has discretion to select the athletes they consider most likely to achieve the best result at the Competition as per the Performance Objective.

Selection will likely consist of a team size of 4 males and 4 females (dependent on the format of the competition and regulations for the Event), with a minimum Team size of 3 males and 3 females and maximum size of 6 male and 6 female, to provide the best combination and balance to achieve the Performance Objective across both Events. Should less applications be received, then it may be decided that only the Individual Event can be entered.
