

BUCS Rowing Regatta 2026
Time Trial Boating Schedule

Boating for time trials will commence at the below times:

Friday: 11:30

Saturday – Monday: 07:30

Crews may not boat any more than 30 minutes before the start time of their category but must ensure they leave sufficient time to get to the start area in time for the published start time of their category.

Coaches and crews are reminded of the need to perform during time trials. If time trials have been completed – but weather conditions deteriorate later in the day – time trial results can be taken as final results. Medals and Victor Ludorum points will then be awarded based on these results.
