RE: Documentation for a license holder to be supervising a non-license holder for the BUCS competition

This document confirms that the following rules will be abided to.

Whilst Orston Shooting Ground has a section 11 (6), which allows non certificate holders to shoot whilst on site, we take clay shooting activities undertaken by a non license holder, who is not supervised by a qualified instructor very seriously. We therefore have set out the below rules along with our ground rules and terms & conditions; by signing this agreement you are agreeing to abide by all of these rules:

- A minimum of 1 License holder per squad is to be supervising non license holders throughout their shooting experience at Orston Shooting Ground for the duration of the BUCS event.
- That you will be as safe and as careful as you can be at all times, acting in a responsible and reasonable manner.
- If the non license holder is under the age of 15 years old, the individual supervising is over the age of 21 years old.
- Persons without a certificate must not be prohibited to be in possession of guns or ammunition if they have previously been convicted of crime as stated in the non certificate holders declaration.

To the license holder:

- I agree that Orston Shooting Ground will take a copy of my shotgun certificate which will be kept in line with GDPR regulations. This will happen each and every time I wish to bring a non certificate holder shooting.
- I understand that it is my responsibility to supervise the non license holders at all times whilst they are shooting.
- I have my own public liability insurance, which covers me for shooting activities and I have confirmed this verbally to a member of Orston Shooting Ground staff.

Orston Shooting Ground strongly advises all license holders to ensure their public liability insurance covers individuals for their hobbies, namely shooting in this instance, if it is not shooting related insurance such as BASC, CPSA etc.
