New for 2026

- We are pleased to be adding a PR3 1x (open and women). Results will be extracted from the current categories and the fastest eligible athletes awarded the title. Full details to be published within the entry information.

Racing format

- Semi-finals will **not** be offered for Intermediate boat classes. This allows the opportunity for further finals to be added, allowing more people the opportunity to get a race.
- Semi-finals will continue to be offered for Beginner boat classes
- Subject to capacity, we intend to offer additional finals (B, C) for Championship boat classes
