

# BUCS GENERAL REGULATIONS – SIGNIFICANT CHANGES FOR 2025-26 (VERSION 3)

PUBLISHED | 26 SEPTEMBER 2025

---

## SUMMARY

This document highlights some of the changes to BUCS' General Regulations for the 2025-26 season that institutions/Playing Entities should be aware of.

It is not a record of all changes, as it does not contain details of any minor editorial changes, such as wording changes which do not affect the purpose of the regulations, or changes to numbering where regulations have been reordered.

Updated versions of this document will be published should there be further updates to regulations following its initial publication.

Additions for Version 2 were REG 5, REG 15.8.1, REG 15.8.4, REG 15.8.5 and REG 15.8.7.

Amendments for Version 3 are corrections to typos in REG 10.6 of incorrect references to other regulation numbers.

Regulation Number	Previous Regulation	New Regulation	Reason
REG 1.1 (FORMERLY REG 1.3)	<b>REG 1.3</b> By affiliating to BUCS and/or entering any BUCS competitions, a Member or any other organisation or individual permitted to participate in BUCS competitions agrees to be bound by and to comply with the BUCS general and sport specific regulations.	<b>REG 1.1 Application of the Regulations</b> As a condition of subscription to BUCS and/or entry into any BUCS Competition, a Member, Participant, or any other organisation agrees to be bound by and to comply with the BUCS General and Sport Specific Regulations.	Terminology updated to align with other changes to regulations under REG 1 and with BUCS's updated Articles of Association.
REG 1.2-REG 1.3 (FORMERLY REG 1.1- REG1.2)	<p><b>REG 1.1</b> All BUCS regulations are determined by the BUCS Executive and subsequently endorsed by the Board.</p> <p><b>REG 1.2</b> At any point, an issue not covered by BUCS' regulations shall be referred to the BUCS Executive or the Board for a decision, depending on the nature of the query.</p>	<p><b>REG 1.2 Amendment to these Regulations</b> In the event that the BUCS Executive determines that the BUCS General or Sport Specific Regulations should be amended, the BUCS Executive shall, following such consultation with Members and/or third-party experts as it deems necessary or desirable, draft a revised version of the Regulation(s) in question. Such Regulation(s) shall be deemed adopted and incorporated into the relevant Regulations once the appropriate steps in the Board ratified Regulation Scheme of Delegation have been followed.</p> <p><b>REG 1.3 Issues not addressed by these Regulations</b> In the event that any issue arises that is not addressed in these Regulations any Member may refer the issue to the BUCS Executive for resolution. Where the issue involves the acts or omissions of the BUCS Executive, the issue shall be referred to the BUCS Board for resolution.</p>	<p>It was recognised that it was not correct to state that all regulations were "endorsed" by the Board, as they were not being asked by the BUCS Executive to specifically endorse each and every amendment to them.</p> <p>To require the board to review and endorse all amendments would not be practical and there are important and significant differences between those BUCS regulations that might be considered more corporate regulations and those which are more competition, or sport, specific.</p> <p>As per the Articles of Association, the BUCS Board may choose to delegate decision-making and responsibility to the BUCS Executive. The Board may also revoke delegation in whole, or in part, at any time following majority agreement of the Board. There is now a Board approved Regulation Scheme of Delegation in place to clarify where authority has been delegated to the BUCS Executive for the setting and amending of BUCS's General and Sport Specific Regulations and where it has not.</p> <p>As well as clarifying the responsibility of the Executive in terms of what can be amended,</p>

			and how, the new regulations provide more clarity on the role and responsibility of the Board and how Members can raise concerns.

The inclusion of the new option for the BUCS Executive to award a walkover, would hopefully not be an option needing to be regularly used, but may be appropriate in some cases, for example late in the season where there are limited or no options to reschedule and it is clear that reasonable efforts were not made to appoint/book officials. By removing the automatic option for the opposition to host on the same day, there is the chance that this could lead to more of such fixtures being rescheduled, but it is hoped that this removes the concerns regarding the potential for more walkovers from teams unable to sort transport at short notice – or extremely high costs where transport can be arranged, and still enables institutions to work together to find a solution, with the BUCS Executive in place to assist where this doesn't happen.</p> <p>It is worth noting that institutions/Playing Entities persistently failing to provide the appropriate match officials for reasons deemed to be within their control could have teams withdrawn or restricted from entering future competitions under REG 8.2.</p> <p>REG 10.6 generally restructured and reworded with aim of making it easier to understand and using terms that connect with other related regulations. This is because where an institution/Playing Entity has not complied with REG 10.6.2 (formerly REG 10.6.1) the situation would currently be that they may go unpenalised for not meeting the requirements, simply because the breach has not been made aware to the opposition and they themselves have not identified this as a problem before the match appeal deadline has passed. It is not something they would reasonably be expected to be able to identify at the fixture as there is no requirement for match officials across all sports to evidence at the fixture that they meet the requirements - this is something the first named (home) institution/Playing Entity should have ensured as part of the appointment/booking process. Having the appropriate match officials is important for ensuring fair and safe competition, with concerns regarding matches having taken place without the correct officials in place and without teams being informed and in agreement with this in advance having been raised in recent seasons.</p> <p>REG 10.7 removed and new wording including throughout REG 10.6 due the old wording of both REG 10.6 and REG 10.7 having caused some confusion regarding whether there was a need to play under protest in the absence of written agreement</p>
