

## BUCS OUTDOOR ATHLETICS 2022

### PERFORMANCE STANDARDS FOR 3<sup>RD</sup> AND 4<sup>TH</sup> ATHLETES

---

Universities are permitted to make TWO entries by rite into each category at the Outdoor Athletics Championships. To be able to compete a person must have competed in that event since 1<sup>st</sup> January 2019 and have a link to a Power of 10 profile, European Athletics Website, World Athletics website, or their national website, providing it take us to the individuals profile. that proves this BP.

#### Example

This a correct link and I thank Jonathon Broom-Edwards for allowing me to use his link as an example.

The link below will not be accepted. As it takes you to a log in page, which requires an email address and password, which obviously I don't have.

A person wishing to compete in the 5000m, Triple Jump or Pole Vault must also meet that Entry Standard. The criteria for those events are explained in the Entry information when entries open (circa March 2022).

Universities **may also enter a 3rd and 4<sup>th</sup> athlete** (which will be accepted if there is capacity).

However, in this case **ALL** athletes from the institution in that event **MUST** achieve the "Entry Standard for 3-4 athletes" (see below).

#### Example

University A – Enters two males into the 400m, their BPs are 50.33 and 51.43. ✓ **Entries accepted**

University B – Enters three males into the 400m, their BPs are 48.43, 47.50 and 48.12. ✓ **Entries accepted**

University C – Enters four males into the 400m, their BPs are 48.00, 46.99, 49.20, 50.46. **X Entries rejected**

➔ 49.00, 46.99, **49.20, 50.46** Slower than 49.00.

The University may select TWO of their athletes to compete in the competition, as all four did not meet the standard.

These standards are set at the average result for the 8th finisher in track events and the 12th finisher in field events over the past 5 years of BUCS Outdoor Athletics competition. Due to lack of competition, they have not changed from the last Outdoor Championships in 2019.

\* Track time taken as preference

60m & 60m Hurdles times as submissions for 100m or 110mH/100mH are as follows:

Men:

60m – 7.10

60m Hurdles – 8.68

Women:

60m – 7.94

60m Hurdles – 9.24

These times are taken by comparing the IAAF tables and getting points totals as close as possible between 60m & 100m, with the same process for 60mH & 110mH/100mH.

It should be noted that outdoor times will take precedence in terms of entry and seeding.
