Can **you** help make student life better?

@huddersfieldsu

Huddersfield
Students'
Union

Let us introduce ourselves...

Our Vision.

By 2025 all Huddersfield students will agree that we help them to develop the life skills they need to make and shape their future.

They will understand and value being part of the HSU community.

Our Mission.

Our strapline is “making student life better”, which condenses our vision into one short sentence. We use this on a lot of our externally facing communications, as well as internal, to build our reputation as an organisation that students can rely on.

Our Values.

Inclusive.

We are **inclusive** because we want everyone to feel that they are part of the HSU family, whether students or staff. We want our organisation to reflect the diversity of our members and be accessible to every Huddersfield student.

Empowering.

We are **empowering** as we want our staff and students to feel like they can try new things, be creative, innovative and enterprising and not feel constrained by structures. We want our culture and working practices to be agile and flexible so that they are the best they can be.

Engaging.

Being **engaging** is about providing opportunities to connect with each other, be supportive, have fun and provide a variety of ways to be part of the HSU community.

Integrity.

Everything we do will be driven by **integrity**: we want students to see us as an organisation that is fair, ethical and honest in our work and in the way we interact with them.
