On Course

Please avoid gathering for an extended period around the putting green and practice net. We would appreciate players not moving to this area until 15 mins before your tee time to ensure that suitable space is available for all competitors to warm up.

There are no bells in operation on the course so please ensure the players ahead are clear before driving off.

All flags must remain in the hole and golfers should not touch them or remove from the hole. Hole depths have been altered to make easier removal of the ball.

Bunker rakes have been removed and a local rule is in place. Rakes are available from the Pro Shop. Please can you repair the bunker to the best of your ability when you leave.

Litter bins are in operation.

The water fountain on 6th hole will not be operational.

A toilet is available on course between the 6th green and 7th tee.
