

REG 2 BUCS MEMBERSHIP

PUBLISHED | 1 AUGUST 2019

REG 2.1 In accordance with the BUCS Articles of Association and British Company Law, an organisation applying to become or to remain as a Member of the Company (BUCS) must fulfil the following:

- Be a registered Legal Entity
- Be a recognised provider of Higher Education (HE)

REG 2.2 Applying to become a Member The application process to become a new Member will require a membership consultation with the BUCS Executive and the completion of a membership application form. Once all requirements of membership are met, the new Member will be voted in by an existing Member vote at the next AGM. Where an application is made mid-season, the new Member will be provisionally approved by BUCS Board pending a formal vote at the next AGM.

REG 2.3 Acceptable Governing Body The CEO of BUCS shall determine, from time to time, which student organisations shall be acceptable as bodies equivalent to an Athletic Union and performing the function of such a body, e.g. Students Union or Sports Department.

REG 2.4 Member Representatives Members must appoint two Member Representatives, one of which should be a student or a member of the member institution's Students' Union or Athletic Union. Member Representatives must be named annually by 1 October, failure to do so will lead to suspension of the Member until the representatives are declared. BUCS cannot be held responsible where an institution has failed to keep their details up to date.

REG 2.5 Member finance contact(s) Members are responsible for keeping their finance contact details up to date via the relevant forms available on the BUCS website. BUCS cannot be held responsible where an institution has failed to keep their details up to date.

REG 2.6 How Members participate in BUCS' domestic sports programmes Once an institution becomes a Full BUCS Member, definition must be established on how the Member is to function within BUCS' domestic sports programmes. The definition is regarded as a Member's Playing Entity or Playing Entities. All Members of BUCS function as either a single or a combination of five 'Playing Models'. Each model has implications regarding the entitlements of individual student-athletes, BUCS Points, AGM voting rights, fees, etc. The playing models and their implications are as follows:

- **All Eligible Students** of a BUCS Member playing as one entity regardless of geographical spread/campuses, etc.
- **Main Campus** of a BUCS Member playing as one entity. (Similar to 'All Eligible Students')
- **Satellite Campus** of a BUCS Member playing as a separate entity from the 'Main Campus' and/or other campuses of the same institution.
- **Umbrella Campus/Organisation** which is comprised of students from multiple institutions.
- **Further Education (FE) College offering Higher Education (HE) qualifications** provided by another external awarding body.

REG 2.6.4.1.1 If eligible to be Full BUCS Member must become one; therefore, the enforcement of students only playing for the Member they are associated with is possible, foregoing the right of 'parent' institution(s) to access students.

REG 2.6.4.1.2 If not eligible to become a Full BUCS Member, must be unanimously declared by contributing BUCS Member institutions as a standalone playing entity, foregoing the right of 'parent' institutions to access students and essentially becomes deemed as a 'satellite campus' but with multiple contributing 'parent' institutions.

REG 2.6.4.1.2.1 If not unanimous, BUCS will consider each application on a case by case basis.

REG 2.6.4.1.2.2 Institutions must be able to demonstrate that they have a defined way of identifying eligible students should the component institutions not be in agreement.

REG 2.6.4.7 Standard application of individual eligibility criteria (REG 4). Students defined as being within the auspices of this playing entity are only eligible to participate for this entity within BUCS competitions and may not compete for any 'parent' institution(s).

REG 2.6.5 FE College Offering HE Qualifications Model

REG 2.6.5.1 Eligible to be and must be a Full BUCS Member; otherwise may instead be listed as either 'Satellite Campus' of a 'Main Campus' or covered as part of an 'All Eligible Students' model.

REG 2.6.5.1.1 If HE students are awarded qualification from another current BUCS Member, said another BUCS Member will relinquish ability for those students to compete for them; as per BUCS regulations an individual may only represent one institution/Playing Entity per season. Should an FE College fulfil the criteria and is successful in becoming a Full BUCS Member then any HE students studying at that College will only be able to compete for that College/Member; not for the institution that awards their qualification.

REG 2.6.5.2 All teams named as appropriate, one entity within BUCS competitions. Teams to be ranked sequentially. For example:

- Bishop Burton Men's Football 1st

REG 2.6.6 Requests for changes to an institution's Playing Entity/Playing Entities must be submitted to the BUCS Executive prior to team entries being opened for the following season.

REG 2.6.7 Ring Fencing Each Playing Entity can also apply for Ring Fencing within their teams. Ring Fencing of teams allows for a variation to the standard BUCS Team Selection regulations (REG 11.1) within the BUCS Team Championships (Leagues/Knockouts) by allowing a Playing Entity to identify separate groupings of student-athletes such as 'Medics'. A Playing Entity wishing to have Ring Fenced teams must complete the BUCS Ring Fenced Teams Pro Forma (Appendix 3) and submit it to the BUCS Executive prior to team entries being closed for the following season.

REG 2.7 Member guidelines for participation In order to be allowed to begin or continue participating in BUCS' domestic sports programmes a Member must comply with the following:

REG 2.7.1 Have access to suitable facilities for competitions which they have entered which require them to host fixtures.

REG 2.7.2 Have at least one staff member assigned as a central point of contact for BUCS and other institutions, with whom the institution's participation in BUCS programmes can be discussed. Any central point(s) of contact must be registered as an Institution Administrator (IA) on BUCS Play and will be acknowledged by BUCS as responsible for all competition matters relating to the institution, for example fixture administration or submission of entries. BUCS cannot be held responsible where an institution has failed to keep their details up to date.

REG 2.7.2.1 During fixture weeks, the central point(s) of contact must be available daily, Monday to Friday, between the hours of 10:00 and 16.00.

REG 2.7.2.2 Where the regular central point(s) of contact will not be available for an extended period, then they must ensure that alternative arrangements are made to cover these responsibilities. For example: Setting an Automatic Reply (Out of Office) on their e-mail account advising who to direct queries to, or, requesting to BUCS that a colleague is set up as an IA on BUCS Play.

REG 2.7.3 Assign a captain to each team on BUCS Play entered in the Team Championships (Leagues/Knockouts) who will assist any IAs with fixture administration. Note: This can be an IA and can be the same individual for multiple teams.

REG 2.8 Insurance Member institutions are responsible for the provision of appropriate insurance cover for their representative individual participants in all BUCS competitions. By entering BUCS competitions an institution is agreeing to this requirement and indicating they are adequately insured with an active policy.
